

**STUDENT INDEPENDENT MANAGEMENT
HEALTH PLAN AND AGREEMENT Forms #400 and #401
Instructions**

Purpose:

To ensure that self-monitoring and the self-administration of diabetes medication at school, when a healthcare provider, parent/guardian, student and school nurse agree that this is appropriate, is done safely, carefully, and accurately.

Instructions:

- The agreement should be completed by the parent/guardian and student.
- The parent/guardian must provide the following to the school:
 - Written orders from the Healthcare Provider (e.g., Healthcare Provider Orders for Students with Diabetes).
 - Written parent/guardian authorization (e.g., Healthcare Provider Orders for Students with Diabetes and Individualized Health Plan).
- The school nurse will complete an Individualized Health Plan to be kept in the health room.
- The Independent Management form will be completed and distributed to staff members on a need-to-know basis to inform them of the student's diagnosis.
